

# DETROIT TIGERS GET A SWEET REVENGE; WILD BILL DONOVAN TURNS THE TRICK

## PITTSBURG IS UNABLE TO HIT

This Renders Five More Con-  
tests Necessary in Series to  
Determine the Baseball  
Championship of the World.

THIRTY THOUSAND PEOPLE  
SEE PITTSBURG DEFEATED

Great Feature of Game Is Sen-  
sational Theft of Home Plate  
by Ty Cobb, a Well-Timed  
Piece of Baseball Work.

WAGNER AHEAD OF COBB

Pittsburg, Oct. 9.—The American  
league champions from Detroit evened  
the count in the world's champion-  
ship series by defeating Pittsburg 7  
to 2 at Forbes field today.

At least five contests will now be  
necessary before the series will be de-  
cided.

Detroit's ability to hit the National  
league pitchers and Pittsburg's in-  
ability to connect with the curves of  
"Wild" Bill Donovan, tell the story  
of the game.

A total of 31,114 tickets were sold  
for the game today, the turnstile at  
the field showing that 30,915 persons  
passed into the grounds. The total  
receipts were \$41,834.50, which will be  
divided as follows: To the National  
baseball commission, \$4,183.45; to the  
players, \$22,617.63; to each club, \$7-  
539.21.

The totals for the two games here  
are as follows: Tickets sold, 60,691;  
tickets received at gates, 60,179; total  
receipts, \$82,156; National baseball  
commission shares, \$8,215.60; players  
share, \$44,364.24; each club's share,  
\$14,788.08.

How Trick Was Turned.

Pittsburg scored two runs in the  
first inning today, but Detroit tied the  
score with two in the second. The  
American leaguers battered Howard  
Cannitz out of the box in the third  
inning, when they took a commanding  
lead by scoring three runs. Vic Wil-  
lis succeeded Cannitz and two more  
runs from his offerings in the fifth  
inning gave Detroit its total of seven  
runs.

Detroit made nine safe hits, getting  
six from Cannitz in two and one-  
third innings and three from Willis  
during the remainder of the game. The  
Detroit hitting total included two  
batters by Schmidt and Crawford.

Donovan pitched a gem, a steal and  
two of those were two-baggers by  
Leach and Miller in the first inning.  
After that the Detroit pitcher was an  
enigma, and another two-bagger by  
Leach in the third, a single by Abstein  
in the fourth and an infield hit by  
Wagner in the fifth, represented the  
Pittsburg hitting during the last eight  
innings. Only sixteen batters faced  
Donovan in the last five innings. Dur-  
ing the last four innings only twelve  
men faced Willis.

Feature of the Game.

The most sensational feature of the  
game, which was witnessed by more  
than 30,000 spectators, was a steal of  
home by Ty Cobb in the third inning.  
This was a remarkably well timed bit  
of work and the entire Pittsburg team  
and crowd was caught off their guard.  
It was on the first ball pitched by  
Willis after he succeeded Cannitz that  
the daring play was made. As soon  
as Willis started to wind up, Cobb  
started for the plate and by a daring  
slide he reached the base in time to  
beat Willis' bewildered throw. Gibson  
was so surprised that he dropped the  
ball after Cobb slid in. This scored  
the third run in the third inning.  
Leach was again the star of the day  
with two two-baggers in his first two  
times at bat. In the field he played  
a star game.

Ty Cobb made his first hit of the  
series with a single over second base  
in the seventh inning. Wagner made  
a hit in the ninth and still leads Cobb  
in the batting duel between the two  
leading hitters of the major leagues.  
Wagner had made two hits in seven  
times at bat and an average of .286.

## REPUBLICAN PARTY WORKERS REPORT EXCELLENT PROGRESS

Plans for a Strong Campaign Are  
Discussed at Meeting of City  
Committee.

Organization of the Republican party workers for the coming city  
campaign is in better condition than ever before at a stage so early in the  
political game, and the details of the organization in every district of the  
city are already well in hand under the direction of the city committee.

This announcement made last night by Fred C. Loofbourow, chairman  
of the committee, was backed by reports received at a meeting of the city  
committee with the district chairmen and district committees at the Re-  
publican headquarters in the Dooly block, at which practically every dis-  
trict in Salt Lake was represented.

## GERMANY DOES NOT WANT WAR

At the Same Time Notice Is  
Taken of Recent Speeches  
by Englishmen.

Berlin, Oct. 9.—The speeches recently  
attributed to Lord Northcliffe, Admiral  
Lord Charles Beresford and Earl Grey,  
governor general of Canada, together with  
various magazine articles dealing with  
the relations of Great Britain and Ger-  
many, have been widely reproduced and  
commented upon in this country. The  
valuing note is one of apprehension that  
a regular campaign has been organized  
for the purpose of depriving Germany of  
the good will of the United States and  
nourishing the idea that Germany is  
threatening Great Britain. The German  
commentators point out that all the sug-  
gestions of coming trouble between Ger-  
many and Great Britain coming from the  
British side, and that no German of dis-  
tinction, either in a public speech or in  
writing, has given voice to suspicion of  
Great Britain.

Apprehension is expressed also over the  
growth of the war party in Great Brit-  
ain. This party today is small, but it is  
influential and is gathering strength.

An official effort is being made to re-  
strain German comment on these speeches  
and articles with the idea of avoiding  
the production of material for irritating  
discussions.

### DEMAND FOR GOLD.

London, Oct. 9.—Withdrawals of bul-  
lion from the Bank of England today  
were £200,000 for shipment to Constan-  
tinople, £340,000 for Egypt and £5,000  
for South Africa.

Gold premiums are quoted as follows:  
Madrid, at 9.15; Lisbon, at 12.

## FOXY GRANDPA IS INDEFINITE

Bryan Hopes It Will Not Be  
"Necessary" for Him to  
Run Again.

Spokane, Oct. 9.—"I do not expect to  
be a candidate for any office again," de-  
clared William J. Bryan today. "As to  
being a possible candidate for presi-  
dent of the United States in 1912, I would  
say that, while I will not promise anyone  
that I will not be a candidate under any  
circumstances, still I do not expect to  
be a candidate for anything in the near  
future."

As a tribute to the president, Mr. Bryan  
said:

"I think that for the last fifteen years  
there has been increasing independence  
in the voter. I do not believe, however,  
that in our lifetime we will see but one  
party. I see no sign of a drift in that  
direction."

Mr. Bryan addressed a throng estimated  
at 30,000 persons, today, speaking from  
the platform occupied by President Taft  
eleven days ago.

As a tribute to the president, Mr. Bryan  
said:

"It is had enough to be defeated by a  
great man; it would be humiliating to be  
defeated by a not great. It is bad  
enough to be defeated by one highly es-  
teemed; it would be unbearable to be de-  
feated by one who had not the universal  
respect of the people."

## CRIME PLANNED BY WOMAN

Confession of Murderer Charles F.  
Newcombe Read to the Jury  
at Tacoma.

Tacoma, Wash., Oct. 9.—In the trial  
of Charles F. Newcombe for the murder  
of Martin Kvalshaug on May 14  
last, the alleged confession of New-  
combe to the county attorney was read  
to the jury. In the confession New-  
combe tells of his relations with Mrs.  
Kvalshaug and of their meeting on the  
afternoon of May 14, when the woman  
told him that he must kill him that  
night. Before that, according to the  
confession, Mrs. Kvalshaug had urged  
Newcombe to commit the crime, and  
while he was in a hospital gave him  
money to buy a revolver.

Kvalshaug, Mrs. Kvalshaug and New-  
combe went to a dance on the night of  
May 14, and there again the woman, ac-  
cording to the confession, urged New-  
combe to murder him. Newcombe left  
the dance early, went home, got the re-  
volver and met Kvalshaug and his  
wife on the trail. As Kvalshaug passed  
Newcombe she is said to have whis-  
pered: "Get him now." As Kvalshaug  
came "Get him now," Mrs. Kvalshaug  
came and Newcombe struck him on the  
jaw, knocking him down. They clinched  
and Newcombe fired two shots. In a mo-  
ment Mrs. Kvalshaug came up, and  
according to the confession, urged New-  
combe to murder him. Newcombe then  
went away, leaving her standing there.

## POSSE ABANDONS PURSUIT

Sheriff Ralph Believes Willie Boy, the  
Indian Murderer, May Have  
Committed Suicide.

San Bernardino, Cal., Oct. 9.—Willie  
Boy, the Indian murderer, will have a  
few days' rest after a two weeks' con-  
tinuous chase, if he is not already dead  
by his own hand, as members of Sheriff  
Ralph's posse are inclined to believe.  
The sheriff and his men have decided  
to abandon the chase temporarily.

After 1 o'clock on Thursday Willie  
Boy did not fire any more shots, though  
the members of the posse left him many  
opportunities. Late at night, as the  
posse proceeded down the canyon with  
Deputy Sheriff Relche, who had been  
wounded, a shot was heard from the  
direction of the Indian. It is be-  
lieved that he may have used his last  
cartridge to destroy himself.

FIFTY MEN INJURED.

Ballston, N. Y., Oct. 9.—Fifty workmen  
bound from Ballston to Schenectady were  
injured, many of them badly, today, in a  
collision between trolley cars on the Sche-  
nectady Electric railroad here. The col-  
lision was due to a fog and took place at  
the outlet station south of Ballston. The  
fifty workmen were all in one car. The  
motorman was fatally crushed.

## PLAY TIME IS OVER AND MR. TAFT GOES TO WORK

President Will Resume His  
Long Journey to the South-  
west Today, and Reach Los  
Angeles Monday Morning.

## MR. TAFT TAKES DEEP INTEREST IN FORESTRY

Chief Magistrate Endures Trip  
Better Than His Companions  
and Sets Pace That Causes  
Them Much Distress.

TALKS WITH JOHN MUIR

El Portal, Cal., Oct. 9.—After  
having traveled nearly 100 miles  
by stage and on foot in and around  
the Yosemite valley, President  
Taft returned here tonight, and will  
resume his journey to the southwest  
tomorrow morning. He will stop  
during the day at Merced, Fresno  
and Bakersfield, and reach Los An-  
geles early Monday morning.

The President was wringing wet  
with perspiration when he reached  
the foot of the trail today, and had  
to go to bed in the Sentinel hotel  
while his clothing was hung out in  
the sun to dry. Even the Presi-  
dent's outer garments were wet,  
and as he had only the one gray  
Norfolk jacket suit with him in the  
park, he had no alternative than to  
follow in the footsteps of the fa-  
bulous man who owned but one shirt.  
Mr. Taft took luncheon with Major  
Forsythe of the army.

Last Day at Yosemite.

The President's last day in the  
Yosemite park was probably his most  
enjoyable. He began the day by look-  
ing at the sunrise over the eastern  
granite walls of the valley, his vantage  
point being the veranda of the little  
Glacier Point hotel, set right at the very  
edge of a 4,000-foot drop into the floor  
of the valley.

The surroundings were rough and se-  
cluded, and the President appeared in  
scent attire. Having seen the sun prop-  
erly up and at its duty, Mr. Taft retired  
again and slept until 10 o'clock.

The 7,400-foot altitude did not seem to  
affect him in the least. In fact, the  
President has stood the long rides and  
early hours of the Yosemite trip better  
than some of the other members of his  
party. After fifty miles of staging yester-  
day, he sat until 10:30 o'clock playing a  
friendly game of bridge with Govern-  
or Gillette of California, Representative  
McKinlay and Captain A. W. Butt.

President Sets Hot Pace.

Today the President set such a pace  
down the four miles of the Short trail,  
which brought him from Glacier Point  
to Yosemite valley, that he had two of his con-  
gressional escort, Representatives Mc-  
Kinlay and Needham, calling for help.  
The trip down the trail was filled with  
interest. An Union Point, one-third of  
way from the top, the President  
went to the very edge of the cliff and  
waved a handkerchief in greeting to  
some mere specks of humanity who  
could be seen moving about on the floor.  
In a while he caught "three cheers" set  
up in his honor.

John Muir, the naturalist, explained  
every view, every tree and flower on the  
way down, and dwelt time and again  
upon the glacier theory of the formation  
of the valley. The President was told  
that the Short trail, which he was  
passing, was first "blazed" by an old  
settler who lived in the hills. His wife  
would not let him have any whisky in  
the house, so he had to walk daily down  
into the valley to get a drink.

In the presidential party during the  
stay in the Yosemite were Governor  
Gillette, Senator Flint, Representatives  
Englebright, McKinlay and Needham,  
John Muir and Major W. W. Forsythe,  
the army custodian of the park.

Hetch-Hetchy Project.

The President has evinced lively in-  
terest in the proposition on foot in San  
Francisco to throw a dam across the  
Hetch-Hetchy valley of the Yosemite  
park and create a lake there to give  
that city a supply of water. Mr. Muir,  
who has spent much of his life in the  
Yosemite and knows as the trees and  
rocks by name, has declared to the  
President with all of the enthusiasm of  
the real lover of nature that the plan  
is a sacrilege. His frankly expressed  
opinions have brought about several  
lively discussions among those in the  
presidential party who are inclined to  
favor the project, and Mr. Taft has  
listened to many of these with amused  
interest.

Once today, while coming down the  
trail, Mr. Muir became exasperated and  
exclaimed: "Oh, I guess the rascals will  
get it in the end." He added that the

WILLIAM RANDOLPH HEARST,  
Whose acceptance of independent nomination for mayor of New York  
likely will result in the overthrow of Tammany through fusion arrange-  
ment.

## BURLINGTON TO SAN FRANCISCO

J. J. Hill Said to Be Considering  
an Extension From  
Denver.

San Francisco, Oct. 9.—That J. J. Hill  
is considering the extension of the Bur-  
lington railroad from Denver to the Pa-  
cific coast is stated by T. B. Walker,  
a Minneapolis millionaire, interested in  
California timber lands, who has close  
relations with the railway magnate. He  
is quoted as follows:

"In a talk we had recently, Hill told  
me that he did not believe that a line  
from San Francisco north would be of  
great advantage, but that the extension  
of the Burlington to this city, probably  
from the end of the Cheyenne or Guern-  
sey branch, would be a great boon to  
the city. The line would make a  
through line from Chicago to San  
Francisco, with which the Oregon trunk  
line could be connected at some point  
in northern California. The line would  
give the Burlington a share of the Sa-  
cramento valley traffic, and a feeder might  
be built through the San Joaquin valley.  
With the Oregon trunk connection another  
line would be opened to eastern Wash-  
ington, Idaho and Montana."

## BALLINGER IN NEVADA.

Reno, Nev., Oct. 9.—Secretary of the In-  
terior R. A. Ballinger left Reno this  
morning in an auto in company with  
Senator Francis G. Newlands, Government  
Engineer Means and R. D. Cress, superin-  
tendent of the Pyramid Indian agency  
for the Derby dam, at which point on the  
Truckee river the water is taken for the  
Fallon reclamation project. Derby is twenty-  
seven miles from Reno.

Secretary Ballinger stated while in Reno  
that he found conditions at Lake Tahoe,  
which he visited yesterday, about as he  
expected, and refused to discuss the Ham-  
mon affair other than to say that there  
was great misconception of the matter.

## HEARST WILL HELP THE REPUBLICANS

Tammany Mayor May Win,  
but Shorn of Power in  
Government.

New York, Oct. 9.—With William  
Randolph Hearst's name as an addi-  
tional asset to the Republican fusion  
ticket, New York's municipal cam-  
paign shaped itself definitely today as  
a fight to oust Tammany hall from  
control of the city finances. Both  
Hearst and Otto T. Bannard, the Re-  
publican fusion nominee, say that the  
election is a matter of secondary im-  
portance so long as the remainder of  
the fusion ticket wins for this will  
mean Tammany defeat in the board of  
estimate, which controls the purse  
strings of the greater city and is a  
medium through which economy or ex-  
travagance may be exercised regard-  
less of the mayor.

Hearst followers, now known as the  
Civic Alliance, having accepted his  
conditions, arrangements to obtain the  
signature requisite to make his nomi-  
nation legal are already under way.

Republican-Hearst Alliance.

William M. Irvins, the Republican  
who ran against Hearst and McEllis-  
on four years ago, issued a statement to-  
night. It was through Irvins' effort  
largely that Hearst was induced to en-  
ter the year's campaign. A circum-  
stance that has caused Tammany to  
cry that a Republican-Hearst alliance  
is on foot.

Irvins' statement says in part:  
"There will be a mass-meeting at  
Carnegie hall on Monday night to put  
Mr. Hearst in nomination. A platform  
will be presented for adoption. Mr.  
Hearst will attend the meeting in

## WORLD'S RECORD BROKEN BY FLIGHT OF WILBUR WRIGHT

Aviator Predicts That He Can At-  
tain Speed of 60 to 70 Miles  
an Hour.

College Park, Md., Oct. 9.—After breaking the world's record for flight  
over a closed circuit kilometer today, Wilbur Wright predicted that he  
could attain a speed of sixty to seventy miles an hour in an aeroplane  
race. He had just torn through the air in the government aeroplane at a  
rate of approximately forty-six miles an hour, making a new record of  
58.3 seconds for 500 meters and return, including turn.

To reach a higher rate of speed, Mr.  
Wright said, he would reduce the size  
of the biplanes in the government ma-  
chine and at the same time lighten their  
weight.

For racing purposes he said he would  
be content with the "plane" in this aero-  
plane.

Following his successful flights of the  
forenoon, Mr. Wright made two ascen-  
sions late in the afternoon. On one of  
the afternoon flights Lieutenant Lahm  
accompanied Mr. Wright. On the other  
Mr. Wright alone repeated the per-  
formance of the forenoon by starting  
off the rail without the aid of weights.  
Lieutenant Lahm for the first time as-  
sisted in guiding the machine during the

## CHINA SENDS COMMISSION ACROSS THE PACIFIC OCEAN

New Minister Also Coming--Orders  
for Warships to Be Placed  
Over Here.

San Francisco, Oct. 9.—One of the most important commissions that  
China has sent to the United States, so far as the open door policy is con-  
cerned, will arrive October 23, on the steamer Siberia, according to Cap-  
tain Charles E. Etti, artillery instructor to the imperial Chinese army,  
who, with Wang Chen of the Chinese foreign office, arrived today on the  
Korea. The new Chinese minister, whose name Captain Etti said has not  
yet been given out, probably will be a passenger on the same steamer.

Mr. Wang left tonight for Washing-  
ton on business whose nature Captain  
Etti refused to divulge.

The commission will be headed by  
Baron Liang, son of Liang Cheng, for-  
mer minister to the United States. With  
him will be Chang Chi Dsa and a large  
suite. The business of the commission  
will be to visit all the shipyards and  
army factories of the United States,  
with a view to purchasing modern  
equipment for the Chinese army and  
to contract for four cruisers and as  
many gunboats as a nucleus for a new  
Chinese navy.

The commission originally was in-  
tended for England, but powerful in-  
fluences were exerted to have the  
United States, as China's nearest neigh-  
bor, visited first. On the outcome of  
the tour of inspection will depend the  
placing of contracts for \$20,000,000  
worth or more of battleships and war  
munitions.

While no information as to the name  
of the new minister to the United States  
could be learned, it was said that he  
was a member of the progressive party  
and had received his education, in part,  
in the United States. In the party to  
arrive on the Siberia will be sixty stu-  
dents, who will be educated in this  
country.

## RATES ORDERED REDUCED

Interstate Commerce Commission  
Renders a Decision in the Des  
Moines Case.

Seattle, Wash., Oct. 9.—Chairman Mar-  
ion A. Knapp today announced a decision  
of the interstate commerce commission  
in the suit brought by Des Moines against  
the Chicago, Rock Island & Pacific rail-  
way and other lines. The commission de-  
clined a petition of the railroads for a re-  
hearing and ordered the reduction of  
rates from the Atlantic seaboard to Des  
Moines to go into effect.

The shippers of Des Moines contended  
that the freight rates from the seaboard  
to Des Moines were unreasonable, and  
suit was brought before the interstate  
commerce commission for a reduction.  
The commission ordered a reduction in  
the rates of 8 and 10 cents a hundred-  
weight.

The railroads resorted to the courts to  
restrain the enforcement of the order,  
and secured an extension of time. A  
petition asking for a rehearing was denied.

## PURELY ACCIDENTAL.

(Special to The Herald-Republican.)  
Butte, Mont., Oct. 9.—Chauffeur E. R.  
Schonberger of Salt Lake tonight, while  
running an automobile for L. P. San-  
ders, a prominent attorney of this city,  
ran over and almost instantly killed Mrs.  
Laura Johnson, a domestic, aged 44.  
Schonberger and Sanders were both ar-  
rested, but were later released upon their  
own recognizance. The woman was rac-  
ing for a street car in the shadow of a  
building when the motor car dashed upon  
her.
